Description

Green SB3 pallet box, measuring 1200 x 1000 mm, equipped with flat, smooth inner walls that are easy to clean. The green SB3 pallet boxes stack perfectly with similar pallet boxes, seamlessly integrating into an existing pool of pallet boxes. The SB3 is manufactured in one piece with three molded runners, minimizing breakage at these vulnerable points. The green SB3 pallet box is stable, impact-resistant, and ideal for heavy-duty use and frequent tilting with a turntable. The lower wall panels of the pallet box are reinforced to prevent collision damage from forklifts. Made from 100% new and freeze-resistant material, the green box is highly suitable for applications in the food industry. Two standard provisions for RFID transponders are located in the top edge, enabling tracking and tracing of the box and cargo. The SB3 pallet boxes feature a 1" outlet on one short side and a 2" outlet on one long side.
