SB3 plastic palletbox - 1200 x 1000 mm - perforated - 3 runners - grey

Product specifications

Uitwendig (LxBxH)	1200 x 1000 x 790 mm
Inwendig (LxBxH)	1110 x 910 x 620 mm
Capacity	610 liter
Sidewalls	Perforated, reinforced
Material	HDPE
Article number	81940811
Weight (kg)	41 kg
Temperature range	-30°C to +40°C
Bottom	Perforated, reinforced
Max. load capacity per box	700 kg
Max. static stacking load	5000 kg
Max. dynamic stacking load	1200 kg

Properties

Grey pallet box type SB3

Dimensions: 1200 x 1000 mm

Flat, smooth, perforated inner walls for easy cleaning

Perfect stackability with similar pallet boxes

Suitable for seamless integration into existing pools of pallet boxes

Easy-to-clean perforated inner walls

Efficient stackability with similar pallet boxes

Seamless integration into existing pallet box pools

Description

The grey SB3 pallet boxes stack perfectly with similar pallet boxes, allowing them to seamlessly integrate into an existing pool of pallet boxes. The SB3 is manufactured in one piece with 3 molded pallet runners. Breakage at these sensitive points is minimized as a result. The SB3 pallet box is stable, impact-resistant, and particularly suitable for heavy-duty use and applications where frequent tilting with a turntable is required. The bottom wall panels of the pallet box are extra reinforced to prevent collision damage from forklifts. The grey box is made of 100% new and freeze-resistant material, making it highly suitable for applications in the food industry. There are two standard provisions in the top edge for placing RFID transponders. These transponders enable tracking and tracing of the box and its contents. The SB3 pallet boxes are equipped with a 1" outlet on one short side and a 2" outlet on one long side.
