SB3 plastic palletbox - 1200 x 1000 mm - perforated - on 9 feet - grey

Product specifications

Uitwendig (LxBxH)	1200 x 1000 x 790 mm
Inwendig (LxBxH)	1110 x 910 x 620 mm
Capacity	610 liter
Sidewalls	Perforated, reinforced
Material	HDPE
Article number	81940891
Weight (kg)	40 kg
Temperature range	-30°C to +40°C
Color	Grey
Bottom	Perforated, reinforced
Max. load capacity per box	700 kg
Max. static stacking load	5000 kg
Max. dynamic stacking load	1200 kg

Properties

Grey perforated pallet box of type SB3

Dimensions: 1200 x 1000 mm

Flat, smooth inner walls that are easy to clean

Perforated side walls and bottom for ventilation and drainage

Easy-to-clean inner walls for hygienic applications

Perforations in side walls and bottom promote ventilation and drainage

Suitable for storage and transport of various goods

Ideal for use in the food industry due to hygienic properties

Description

The grey SB3 pallet boxes are perfectly stackable with similar pallet boxes, allowing them to seamlessly integrate into an existing pool of pallet boxes. The SB3 is produced in one piece with 9 legs, minimizing breakage at these vulnerable points. The SB3 pallet box is stable, impact-resistant, and ideally suited for heavy-duty use and situations where frequent tilting with a turntable is required. The bottom wall panels of the pallet box are reinforced to prevent collision damage from forklifts. The grey box is made of 100% new and frost-resistant material, making it suitable for applications in the food industry. Two standard provisions for placing RFID transponders are located in the upper edge, enabling tracking and tracing of the box and cargo. The SB3 pallet boxes are equipped with a 1" outlet on one short side and a 2" outlet on one long side.
