Designed for pallets with 9 feet for added stability and support

Simple attachment without the need for additional tools

Enhances pallet stability and durability for transport and storage

Description

This set consists of 3 clip-on runners specifically designed for export pallets in industrial format 1200 x 1000 mm. The pallet runners are optimally suited for export pallets with 9 feet, item number 55.QP1210LB9FR. These runners provide a robust and stable solution for the safe transport and storage of goods.

In addition, the clip-on runners are also compatible with export pallets in Euro format 1200 x 800 mm, item number 55.QP1208LB9FR. These versatile runners enable flexible handling and enhance the functionality of the pallets with a simple attachment that requires no additional tools.

The runners thus contribute to greater stability and durability of the export pallets, making them ideal for use in logistics and transportation.
