Multiple sorting boxes may be linked together into waste separation units via their linkable trolleys

Description

Plastic sorting box with a capacity of 90 liters (490 x 490 x H 610 mm). This nestable plastic container is equipped with closed bottom and side walls and 2 comfortable bowl handles. The sorting box is available in various colors, enabling easy separation of waste streams. Multiple sorting boxes can be combined into practical waste separation units using connectable bases with connectors. Additionally, the sorting boxes can be supplied with lids.
