Bakken zijn stapelbaar en indien 180° gedraaid ook nestbaar.

Geheel gladde uitvoering met zeer weinig ribben; hierdoor bijzonder hygiënisch.

In geneste toestand wordt tot 75% ruimte bespaard.

Description

This stackable-nestable container measuring 600 x 400 x H 220 mm with a capacity of 30 liters is designed with a completely smooth and hygienic surface. Suitable for food items, this container features closed bottom and side walls, along with two closed bowl-shaped handles.

The smooth design and closed construction of the bottom and side walls contribute to optimal hygiene, making it ideal for applications where stringent hygiene standards are necessary, such as in the food industry. The closed bowl-shaped handles not only provide a firm grip but also prevent dust and dirt accumulation, facilitating easy maintenance and cleaning of the container. These attributes render this stackable-nestable container a practical and hygienic choice for various applications across different sectors.
