Color	White
Bottom	Closed and completely smooth

Properties

Containers are stackable and when turned 180°, nestable as well.

Completely smooth design with very few ribs; hence, exceptionally hygienic.

When nested, up to 75% space is saved.

Description

This stackable-nestable container, measuring 600 x 400 x H 325 mm with a capacity of 50 liters, is designed with a completely smooth and hygienic surface. It is a food-safe container with a closed bottom and sidewalls, equipped with two closed handles shaped like bowls.

The smooth design and closed structure of this container contribute to excellent hygiene, making it particularly suitable for applications where strict hygiene regulations apply, especially in the food industry. The closed bowl-shaped handles not only provide a firm grip but also prevent the accumulation of dirt, making maintenance and cleaning of the container simpler.

Thanks to its smooth and hygienic properties, this stackable-nestable bin is a practical choice for various sectors and environments where hygiene and functionality are of paramount importance.
