Capacity	10 liter
Color	White
Material	PP
Bottom	Closed, smooth
Sidewalls	Closed
Handles	Closed
Internal dimensions (L x W x H)	410 x 310 x 87 mm

Properties

Dimensions: 445 x 345 x H 90 mm

Capacity: 10 liters

Color options: natural white or gray

Fully closed design

Smooth bottom

Widely used in special applications in the food and pharmaceutical sectors

Description

The stackable container, measuring 445 x 345 x H 90 mm with a capacity of 10 liters, is available in natural white or gray. This container is designed in a fully closed configuration with a smooth bottom. Its compact size and closed construction make it ideal for special applications in both the food and pharmaceutical sectors.

This stackable container is designed with hygiene and efficiency in mind, making it widely used in environments where strict standards apply to the storage and transport of products. The closed design protects the contents from dust, dirt, and potential contaminants, while the smooth bottom allows for easy stacking and cleaning.

Thanks to its versatility and reliability, this stackable container has become an essential part of daily operations in the food and pharmaceutical industries. Whether storing ingredients, transporting medicines, or organizing small parts, this stackable container provides a safe and efficient solution for various applications.
