Description

Stackable container made of food-grade plastic with Euro norm dimensions of 600 x 400 mm. The bottom, walls, and handles are closed, allowing for the complete utilization of the contents. The bottom is reinforced and features a lattice construction. Hence, this stackable container is highly suitable for applications involving heavy loads. Due to its Euro norm size, it can be perfectly combined with other Euro norm stackable containers, as well as standardized pallets, roll cages, and dollies.
