Description

With a height of 420 mm, this is our tallest plastic stackable container in the practical Euro norm size of 600 x 400 mm. Due to its standardized dimensions, this stackable container can be stably stacked and perfectly combined with our other Euro norm stackable containers, as well as with standardized pallets and mobile bases. The 86-liter volume can be optimally utilized thanks to the closed handles. With its reinforced bottom, you don't have to worry about the application of this stackable container. The container is highly durable and suitable for both food and industrial purposes.
