Description

The Plastic Stackable Euro Container Euronorm, measuring 800 x 600 x H 320 mm and with a capacity of 120 liters, offers a versatile solution for various storage needs. This container is fully enclosed, with handles seamlessly integrated into the upper edge.

The fully enclosed design of the container ensures optimal protection of the contents against dust, moisture, and other environmental factors, making it ideal for storage in various environments. The closed handles not only contribute to the streamlined appearance of the container but also prevent dirt or dust from accumulating in the handles.

With a generous capacity of 120 liters, this stackable container provides ample space for storing and organizing various goods, from smaller items to larger objects. The durable plastic construction ensures a long lifespan and makes the container suitable for use in warehouses, factories, and distribution centers.
