Temperature range -20°C to +80°C

Capacity 26 liter

Color Grey

Material PP

Bottom Closed, smooth

Sidewalls Closed

Handles Closed

Colorcode RAL 7040

Max. plate diameter 250

Load capacity (kg) 20 kg

Max. stacking load (kg) 200 kg

Internal dimensions (L x W x H) 366 x 266 x 260 mm

Properties

Stacking bin is provided with an smooth base.

Description

Stackable container in Euro standard size 400 x 300 mm. Closed and smooth-walled with a smooth bottom. This stackable container is used as a tableware container in gastronomy or as a storage container in industrial applications. Suitable for plates with a diameter of up to 155 mm. The plates can be placed vertically in the container. The stackable container is easy to handle due to the open handles on both short sides. Thanks to the Euro standard sizing, this stackable container perfectly combines with all other Euro standard stackable containers, as well as standardized pallets, roll containers, and mobile bases.
