Description

Euronorm stacking container / drip tray measuring 600 x 400 mm in a completely closed design. Thanks to the smooth bottom, this food-grade stacking container is particularly hygienic and highly suitable for storing and transporting food items. The stacking container is frequently used as a drip tray under fish crates or dishwashing baskets in Euronorm format. Due to the standardized dimensions, the stacking container can be stacked with all other Euronorm stacking containers. Additionally, the Eurobin perfectly fits and can be combined without wasting space with standardized pallets, roll cages, and mobile bases.
