Max. load capacity per box	20 kg kg

Properties

Side walls are provided with openings all round at the top for ventilation/cooling

Textured area for labels on all sides

Mutually stackable with other stacking bins in the E range

Description

The red E2 stacking crate, also known as a meat crate, offers an ideal solution for safely and efficiently storing and transporting food items in the food industry. With dimensions of 600 x 400 x H 200 mm, this crate provides ample space for storing a variety of products while remaining manageable.

Made from high-quality, 100% new material, this red E2 crate meets strict standards for food safety. Both the closed bottom and closed sidewalls provide optimal protection for stored products, ensuring they are safe from external contaminants and damage during transportation. This guarantees not only the quality and freshness of the products but also ensures compliance with strict hygiene regulations.
