Properties

The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

New in our range is the Stacking Bin for baking trays, also known as the tray bin. With dimensions of 655 x 455 x H 100 mm and a capacity of 19.2 liters, this bin is specially designed for safe storage and convenient transportation of baking trays in professional kitchens and bakeries.

This food-safe stacking bin is manufactured with a closed, smooth bottom and closed side walls, all in a striking, fresh orange color. The sleek design and enclosed construction ensure optimal protection for the baking trays during storage and transport.

What sets this bin apart is the internal bottom protrusions that are perfectly matched to the dimensions of baking trays. This allows the baking trays to be securely stacked without shifting, enabling efficient storage and easy transportation.

The Stacking Bin for baking trays is the ideal solution for organizing and safely storing your baking trays. Its durable construction, practical dimensions, and internal bottom protrusions make this bin indispensable for professionals aiming for efficiency and careful storage of baking trays in their workspace.
