

Stacking bin for baking tray - 655 x 450 x H 100 mm

Product specifications

Uitwendig (LxBxH)	655 x 450 x 100 mm
Inwendig (LxBxH)	628 x 422 x 86 mm
Handles	Open
Sidewalls	Perforated
Material	HDPE
Article number	30.7-110.0117
Weight (kg)	1,62 kg
Temperature range	-30°C to +80°C
Color	Orange
Bottom	Perforated, reinforced

Properties

The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

The stackable crate for baking sheets, also known as the baking sheet crate, measures 655 x 455 x H 100 mm and offers a capacity of 19.2 liters. This crate is specially designed to comply with food safety standards, featuring a perforated and reinforced bottom along with finely perforated side walls, all in a vibrant orange color. Its convenient design includes four open handles for easy handling. This stackable crate is particularly suitable for storing and transporting baking sheets due to its specific dimensions and bottom openings. The perforations facilitate air circulation, allowing the baking sheets to breathe well and be stored ideally without moisture formation. Thanks to its robust construction and design, multiple crates can be easily stacked on top of each other, efficiently utilizing valuable storage space.

Whether for professional use in the bakery sector or for home use in the kitchen, this stackable crate for baking sheets provides a convenient and secure solution for organizing and transporting baking essentials, enabling a smooth and organized workflow.
