The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

New in our range is the Stacking Bin for baking trays, also known as the tray bin. With dimensions of 655 x 455 x H 120 mm and a capacity of 23.8 liters, this bin is specially designed for safe storage and convenient transportation of baking trays in professional kitchens and bakeries.

This food-safe stacking bin is equipped with a closed, smooth bottom and closed side walls and handles, all in a striking, fresh orange color. The sleek design and the closed construction provide optimal protection for the baking trays during storage and transport.

What truly sets this bin apart are the internal bottom protrusions that are perfectly tailored to the dimensions of baking trays. This ensures that the baking trays can be safely stacked without shifting, enabling efficient storage and easy transportation.

The Stacking Bin for baking trays is the ideal solution to keep your baking trays organized and secure. Thanks to its thoughtful dimensions and internal bottom protrusions, this bin is indispensable for professionals striving for efficiency and careful storage of baking trays in their workspace.
