Handles	Open
Internal dimensions (L x W x H)	628 x 422 x 107 mm

Properties

The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

The stackable crate for baking sheets, also known as the baking sheet crate, measures 655 x 455 x H 120 mm and offers a capacity of 23.8 liters. This crate complies with food safety standards and features a perforated and reinforced bottom, as well as perforated side walls, all in a vibrant orange color. With its four open handles, it is easy to handle.

Due to its specific dimensions and the perforations in the bottom, this stackable crate is particularly suitable for the storage and transportation of baking sheets. The perforations facilitate good air circulation, allowing the baking sheets to breathe well and be ideally stored without moisture formation. The sturdy construction and thoughtful design allow multiple crates to be efficiently stacked on top of each other, saving space.

Whether used in professional bakeries or in domestic kitchens, this stackable crate for baking sheets offers a convenient solution for organized storage and transportation of baking essentials. It facilitates a smooth workflow, ensuring the secure and organized storage and transport of baking sheets.
