The stacking bins for baking trays are suitable for storage and transport of baking trays (600 x 400 mm)

Description

New in our range is the Stacking Bin for baking trays, also known as the tray bin. This stacking bin measures 655 x 455 x H 150 mm and has a capacity of 29.4 liters. It is a food-safe stacking bin, equipped with a closed, smooth bottom, closed side walls, and handles, all executed in a striking, fresh orange color. This bin is specially designed for the safe storage and convenient transport of baking trays, particularly in professional kitchens and bakeries.

The thoughtful dimensions and internal bottom protrusions make this stacking bin particularly suitable for storing and transporting baking trays. The smooth bottom and closed side walls provide a protective environment for the baking trays, while the internal bottom protrusions ensure that the baking trays can be stacked securely without shifting.

The fresh orange color and practical design of this stacking bin not only make it easy to identify but also easy to handle, even when loaded with baking trays. The Stacking Bin for baking trays is the ideal solution to safely and neatly store your baking trays and is an indispensable tool for professionals aiming for efficiency and careful storage of baking trays in their workspace.
