Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid measuring 600 x 400 x H190 mm is a Euro standard stacking container equipped with a hinged lid featuring snap-lock closures. The lid container has a smooth, closed bottom and closed sidewalls. The plastic lid is removable when in the open position. With the two snap-lock closures, the lid is easy to open. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transport. Due to its standardized dimensions, the lid container can be stacked with other Euro containers, both with and without lids. Additionally, the lid container can be seamlessly combined with standardized pallets, bases, and roll cages without any loss of space. We provide foam interiors, seals, and label holders as accessories for the lid containers.
