Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid 600 x 400 x H190 mm is a Euro standard stacking container equipped with a hinged lid with snap-slide closures. The lid container has a smooth, closed bottom and closed side walls. The plastic lid is removable when in an open state. The lid is easy to open with the two snap-slide closures. The lockable lid prevents the cargo from getting lost, damaged, or contaminated during transport. Due to standardized dimensions, the lid container can be stacked with other Euro containers, both with and without lids. Additionally, the lid container can be perfectly combined without space loss with standardized pallets, bases, and roll containers. We supply foam interiors, seals, and label holders as accessories for the lid containers.
