Max. stacking load (kg)	250 kg
Capacity	55 liter
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	30.628.DB.2
Weight (kg)	2,8 kg
Temperature range	-20°C to +80°C
Color	Yellow
Bottom	Closed, extra reinforced
European Article Number	7424916758719
Colorcode	PMS 106 C
Load capacity in racks	1
Load capacity (kg)	25

Properties

Lidded bins are also stackable with lid

Lidded bins have a removable, hinged lid

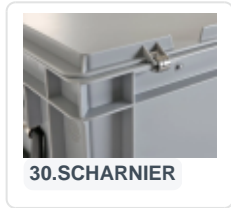

Stacking bin with hinged lid and 2 snap-slide locks

Description

Stacking bin with lid in Euro standard size 600 x 400 mm. The container consists of a stacking crate, hinged lid, and two snap-lock closures. The lidded container is completely closed, including the handles. The bottom features reinforced rib construction, making it highly suitable for heavy-duty applications. Due to its Euro standard size, this lidded container can be perfectly combined with all other Euro containers, as well as standardized pallets, mobile bases, and roll containers. Additionally, the container is stackable even with the lid. The snap-lock closures ensure a secure seal of the lidded container, making it easy to close and reopen. The lockable lid prevents the load from getting lost, damaged, or contaminated during transportation.
