Easy to clean

Description

Plastic storage grid in the size of 1500 x 600 x H250 mm. In the turquoise color scheme with gray caps. The storage grid is made of robust food-grade plastic. The grid is stable, lightweight, rust-free, and easy to clean. Complies with HACCP guidelines for food. With a temperature resistance from -40°C to +80°C, it is also ideal for applications in a refrigerated or freezer room. The storage grid consists of three pillars and a grid. The free space below is 200 mm, the space between the pillars is 650 mm, and the load capacity is 200 kg per linear meter. The storage grid is versatile and ideal for the hygiene sector. The grid is compactly packaged and delivered in a box. Easy to assemble without tools.
