Material HDPE

Article number 81031010

Weight (kg) 5,8 kg

Temperature range -30°C to +70°C

Color White

Bottom Closed, smooth

The transport bin has two folding handles, with stop in horizontal position.

The transport bin is nestable and stackable with lid.

Description

Robust transport container with dimensions of 500 x 500 x H720 mm and a capacity of 125 liters. This transport container is especially used in environments where a high hygiene standard is required. The containers are made of food-safe plastic and are therefore highly resistant to impact and shock. The walls and bottom are smooth and enclosed, without external ribs. This makes the transport containers very easy to clean. The transport container is equipped with two folding handles, with the stop in the horizontal position. The transport container is nestable and stackable with a lid.
