

Transport bin 400 l - with stainless steel rim reinforcement - on 4 feet

Product specifications

Uitwendig (LxBxH)	950 x 720 x 825 mm
Inwendig (LxBxH)	875 x 655 x 705 mm
Capacity	400 liter liter
Sidewalls	Closed, smooth
Material	HDPE
Article number	81011010
Weight (kg)	17,4 kg
Temperature range	-30°C to +40°C, briefly up to +90°C
Color	White
Bottom	Closed, smooth

Properties

Nestable transport bins are stackable with lid

The transport bins are nestable

Description

Transport container / brine tank (950 x 720 x H 825 mm - 400 liters) on four legs, with stainless steel edge reinforcement. Transport containers are somewhat conical and therefore nestable. The walls and the bottom are completely closed and exceptionally smooth, without external rib structures. Thanks to the use of high-quality HDPE, the containers are particularly impact-resistant. The containers are very easy to clean and are mainly used when good hygiene is essential.
