With stable top rim and two comfortable handles

Description

Plastic tub 45 liters with dimensions Ø 490 x H380mm. The tub is made of flexible and thick-walled plastic, ensuring a long lifespan. The smooth-walled construction guarantees the hygiene of the plastic tub. The tub has a temperature resistance from -30°C to +70°C. Equipped with a stable top rim and two comfortable handles. The plastic tub is also used as a plant container, tree tub, garden basket, and cultivation pot.
