VDA RL-KLT Stacking bin (3147) - 297 x 198 x H 147 mm (smooth base)

Product specifications

Uitwendig (LxBxH)	297 x 198 x 147 mm
Inwendig (LxBxH)	243 x 162 x 129 mm
Handles	Closed
Sidewalls	Closed
Material	PP
Article number	4170.004.662
Weight (kg)	0,6 kg
Temperature range	-30°C to +80°C
Color	Blue
Bottom	Closed, smooth

Properties

VDA RL-KLT 4170 stacking bin is provided with an integrated label holder on one long side.

Description

The VDA RL-KLT stacking container (model 3147) is a streamlined and convenient container, designed with dimensions of 297 x 198 x H 147 mm and equipped with a smooth bottom. This stacking container is specifically engineered to meet various needs across diverse industries. With its compact size and smooth bottom, this container is ideal for securely storing and transporting smaller and lighter goods.

The dimensions of 297 x 198 x H 147 mm make this stacking container extremely suitable for versatile use in different sectors. The closed construction without drainage holes in the bottom ensures an efficient and safe storage environment. Furthermore, this stacking container is designed with receptacles for automated handling, enabling easy manipulation, and features integrated label holders for clear content identification.

Due to its compact size and smooth bottom, the VDA RL-KLT stacking container (3147) is a versatile choice for various sectors. It is frequently used in different industries, including the automotive sector, where safe and streamlined storage of smaller components is crucial.
