Properties

Wide-mouth drums are suitable for stacking and palletising

With large Ø 204 mm filler opening

Wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket

UN-approved for packaging groups I, II and III

Description

Plastic wide-mouth drum Ø 274 x H328 mm with four bowl handles on the lid rim. The wide-mouth drum has a capacity of 15.4 liters and a filling opening of Ø 204 mm. The drum is equipped with a hermetically sealing screw lid, making it both air, vapor, and liquid-tight. Suitable for applications in the food industry and in freezing environments. The wide-mouth drum is certified with the UN mark for packaging groups I, II, and III, making it suitable for the storage of hazardous substances. Also usable as a water safe. Wide-mouth drums are ideal for use as a feed barrel for storing animal feeds. A wide-mouth drum with a capacity of 15.4 liters is suitable for approximately 6 kg of animal feed.
