Wide-mouth drums are suitable for stacking and palletising

Wide-mouthed drums are air-, vapour- and liquid-tight due to screw lid with rubber gasket

UN-approved for packaging groups I, II and III

Wide-mouthed drum with two folding handles, with stop in horizontal position

Description

Wide-mouth container Ø 410 x H512 mm with a capacity of 54 liters, made of food-grade plastic. The wide-mouth container is air, vapor, and liquid-tight, with a filling opening of Ø 282 mm. The six bowl handles in the lid rim and two folding handles on the container provide high user-friendliness. The wide-mouth container is equipped with a hermetically sealing screw lid with a rubber inner ring. Suitable for the transport and storage of liquids, especially in the food industry and freezer environments. The super wide-mouth container is UN-approved for packaging groups I, II, and III, making it suitable for the storage of hazardous substances. Also usable as a water safe. Wide-mouth containers are ideal for use as a feed barrel for storing animal feed. A wide-mouth container with a capacity of 54 liters is suitable for approximately 20 kg of animal feed.
