

XL plastic palletbox - 1200 x 800 mm - with drop door - on 4 feet

Product specifications

Uitwendig (LxBxH)	1200 x 800 x 1215 mm
Inwendig (LxBxH)	1110 x 710 x 1060 mm
Capacity	1050 liter liter
Sidewalls	Closed
Material	HDPE
Article number	4403.150.DUO
Weight (kg)	60 kg
Temperature range	-30°C to +80°C
Color	Grey
Bottom	Closed, reinforced
Max. load capacity per box	500 kg kg
Max. static stacking load	3000 kg kg

Properties

The Duobox is assembled from two BIG BOXES

Manufactured with folding flap, dim. 740 x 315 mm, with snap-slide locks, may still be operated when stacked

With a 1" outlet provision on one short and one long side

With a 2" outlet provision on one short and one long side

Description

XL-BIG BOX, double plastic pallet box (1200 x 800 x H 1215 mm - 1050 liters). Food-safe XL BIG BOX pallet box on four legs with closed side walls and reinforced bottom. The double pallet box is composed of two pallet boxes mounted on top of each other. The standard height of the DUO pallet box is 1215 mm. This XL version is equipped with a hinged loading flap on one long side. The hinged loading flap lowers the lifting threshold and simplifies loading and unloading of the pallet box. The BIG BOX pallet box has convex, outward-facing wall panels for optimal volume of the container. This results in up to 10% volume gain compared to conventional pallet boxes. The convex wall construction reduces the number of reinforcement ribs on the outside, making the box quick and easy to clean.
